

**CLASS TITLE: 60° EQUILATERAL TRIANGLE
TABLE TOPPER**

WED FEB 15 AM

SKILL LEVEL: CONFIDENT BEGINNER

TEACHER: SANDY POZZETTA

CLASS DESCRIPTION: This table topper is meant to teach you how to cut fabric using the degree lines on your 6" x 24" ruler. Table topper will finish about 23" in diameter. Fabric strips must be cut prior to class.

SUPPLIES:

- For the top: choose 5 different fabrics that coordinate. They might be all holiday fabric – Halloween, Christmas, etc. or fabrics left over from a jelly roll or just a group of fabrics that you like. Mix up lights, darks, and mediums for visual interest. Cut (5) strips 2½" x WOF
- For binding: 2 strips 2½" x WOF
- For backing: a piece 25" x 25"
- Batting a little larger than 5" x 25" – can be cotton, polyester or a combination, but not too puffy
- Coordinating thread – save time by filling a bobbin with this thread
- Long quilting ruler with 60 degree lines marked on the ruler. Most rulers will also have 30 and 45 degrees marked as well as 60 degrees. Could be 6, 6 ½, 8, or 8 ½ inches wide by 24 inches long
- Sewing machine in good working order fitted with a ¼" foot. ***Please note: We will not have time to deal with a sewing machine that does not work properly so make sure you know how to use yours and that it is making a good stitch. This will save you a lot of frustration!!***
- Optional: Bring a walking foot if you have one or a darning foot if you like to do free motion quilting. If you have neither quilting foot, the table topper is small enough that you should be able to quilt it using your ¼" foot.
- Usual notions – Rotary cutter, cutting mat, scissors, pins, seam ripper, etc.
