

CLASS TITLE: STRIP, STITCH, SLICE & STITCH QUILT **TUE FEB 14 PM**
SKILL LEVEL: CONFIDENT BEGINNER
TEACHER: MARSHA TUCKER clothfeen@cox.net 352-371-6882

CLASS DESCRIPTION: This is a class that teaches a method for using strips of fabric to create an awesome quilt. How many or few strips you use will depend on how large you want your final project to be. Jelly rolls are a great way to approach this project, but the best way is just to make strips from fabrics you have on hand that will render either a 2" x WOF strip, or a 2 ½" x WOF strip. Making a scrappy from this method creates an awesome quilt.

SUPPLIES – FABRIC: assorted fabric strips 2" wide by WOF OR 2 ½" wide by WOF
Remember that the key to this project is: the size you want your quilt to be determines the number of strips you'll need.

If you use 2" strips: Five strips measuring 2" x WOF sewn together will render five 8" unfinished blocks. Two of these blocks will be sewn together to create a finished block. For instance, if you want a quilt that has four blocks across by four blocks down using 2" strips then you would need approximately 40 strips of 2" by WOF strips.

If you use 2 ½" strips: Four strips measuring 2 ½" x WOF sewn together will render an 8 ½" unfinished block. Two of these blocks will be sewn together to create a finished block. For instance, if you want a quilt that has four blocks across by four blocks down using 2 ½" strips, you will need a total of: 32 strips of assorted fabrics.

SUPPLIES – NOTIONS:

- Sewing Machine in good working order
- Sewing machine manual
- 8 ½" x 8 ½" ruler or larger
- Scissors or snips
- Seam ripper
- Chalk marker or similar marking device
- Neutral thread to match your project
- Small cutting mat
- Rotary cutter
- Pressing mat & small iron
- Extension cord
- Paper & Pencil or pen
