**Class: My Love 2 Heart Block**

**Tools:**

Sewing Machine & needles

Rotary Cutter

Cutting Mat

Add a ¼ inch ruler

Piece of card stock

Shears for cloth and paper

**Materials:**

I used different pinks and reds and a white. You'll need less than a quarter yard of each. My sample has 2 hearts made with each of the 4 pinks/reds. The fifth (darker) red is used for corners. White is my background but you can use a different color if you wish. Each heart could be a different color in which case you'd need 8 different fabrics for those.

I am planning to make mine into a small wall hanging, so I will probably use some of the materials for borders or binding,
